

## APRIL FRIENDS AND FAMILY RESULTS

- Friendly approachable staff from front desk through to doctors and prompt acquisition of appointments
- The kindness, willingness to help at all times - even at short notice. My 'Condition' is complex and yet I have never been disappointed by how I have been treated. Everyone (doctors, nurses, admin staff) has been unfailingly helpful. How fortunate I was to sign on with Brannam
  - Dr McMaster was wonderful
- Friendly but could I suggest more childrens toys? Would be great for parents
